Rohit Mokashi now studies in STD II.

When he joined our Balmandir 3 years back, his mother had expired.

Sadly, within 2 months his father committed suicide as well.

The staff decided not to reveal this as it would get him traumatized.

His class teacher Neetaben was worried about little Rohit, who rarely spoke with anyone.

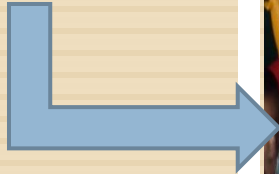

## Story of Little Rohit from Dharampur (Guj)

**40% of the 604 students studying in Shantaba Vidyalaya are orphans or those with single parents.**

2016

6 years  
old Rohit

Neetaben decided to learn basic Dangi (tribal dialect) to connect with Rohit.

Bashulan, Jaula, Kombda were now part of her daily vocabulary.

Gradually Rohit's confidence came back and he started mixing with others.

Within a year he had picked up alphabets, starting counting till 50 and also started enjoying fruits & vegetables. Rohit also demonstrated a special talent at assembling and dismantling toys.

## Special Bond with teacher Neetaben

**More than 80% of students joining our school in early years, speak a tribal language at home.**

2018

**Rohit is in Grade 2 (age 8 years)**

He has recently scored 96% in Math and 94% in English during his October mid term exams. He is still the best in solving puzzles.

He weighs a healthy 30 kgs.

He is now one of the most talkative children in the class.

Rohit is very happy that Neetaben is still his class teacher.
